

American Network of Oral Health Coalitions

Membership Form

ANOHC Principles/Common Purpose

The following principles guide the work of the American Network of Oral Health Coalitions (ANOHC):

- ANOHC exists to create a reliable place for state oral health coalitions to share information, ask questions, and leverage time and resources.
- ANOHC members are statewide oral health coalitions that promote lifelong oral health by shaping policy, promoting prevention, and educating the public.
- ANOHC members recognize that state oral health coalitions share a common purpose to advance oral health issues at the state level, but that the structure and funding of each is different, based on individual statewide issues.
- ANOHC members respect the differences between the state coalitions and honor the confidentiality within which coalitions share information.

On behalf of the state/territory of _____, I agree to the ANOHC Principles/Common Purpose and pledge to uphold and abide by them as I work with my fellow ANOHC members. This agreement constitutes our state/territory's membership in the American Network of Oral Health Coalitions.

Yes No

Our coalition would like to be an Associate member, as the coalition is housed within state/territorial government, and we are not able to take positions on policy issues.
